DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Cameron Weiffenbach on 12/18/2007.

The application has been amended as follows:

- 1.1 In Claim 28, line 4, add --layer-- after "a second metal".
- 1.2 In Claim 44, line 4, add --layer-- after "a second metal".

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The closes prior art known to the Examiner is listed on the attached PTO 892 and 1449 forms. Hartmann (US Patent 4548862) discloses a flexible tape which contains bridges of ferromagnetic particles linked in a chain like configuration aligned in the thickness direction of the film wherein the individual particles can be additionally coated with a layer of a conductive metal. None of the prior art, however, teaches, motivates or suggests a composition which contains a chain of ferromagnetic particles wherein the entire chain is encapsulated in a metal layer as required by Claim 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
